

**2010 Boca Ta-2 Slope Technique Boot Camps** (all classes are subject to change)  
**March 6-7 April 3-4 May 15-16 June 5-6, 2010**

There are a lot of new techniques and needles and pigments to show all of you. Including the "DIXON TECHNIQUE" with slope needles. Most importantly will be new techniques for doing lips which we are constantly trying to improve to get more color into the lip tissue. It is a challenge that's for sure.

We will be doing specialty procedures such as areolas and scars when possible. This is great for those of you who are wanting to get into a physician office. **I am only going to book 6 people at each boot camp** because of the hands on and the new needles and techniques. Be the first in your area to learn about these new techniques and pigments.

I will be teaching a revolutionary New Way to do Lips, Brows, Smudgy Eyeliner! This is the first boot camp for Boca Ta-2 on these amazing new techniques. This involves new needles and how to use them for full effect. A Certificate will be issued on all the new techniques.

If you wish to stay an extra day, you can take your board exams for the AAM. This assures your clients that you have reached the highest level of expertise possible. Sign up for the dates which will suit you the best and of course, you stay at the Boca Ta-2 B&B (breakfast and lunch will be included in the price of the boot camp) Make your flight arrangements to come into the Gainesville Regional Airport.

Please fill out the following information. You must have at least 1 yr experience, as this is Boot Camp will be intense and must be done with an experienced hand.
